

Wishes of the Month

With Salesians working in 130 countries, just imagine how many write to us with their hopes and dreams for the young ones in their care. Maybe, as you count your blessings, you could grant a wish! May God bless you!

Sri Lanka

Occupational training is a major goal for students in Sri Lanka, a small island off the southern coast of India. Your donation will help purchase badly-needed carpentry and electrical tools, reference manuals, computers, programs, printers and cameras. Help our Salesians give a bright future to these industrious students.

Mexico City, Mexico

Our missionaries working with the YOLA project for street children in Mexico have requested funds to help with the education and religious training of the young people in their care. Items such as school supplies, clothing, bedding, tools, sports equipment and chapel items are sorely needed. Won't you help?

Zambia, Africa

This extremely poor country in southern Africa is plagued by illness and civil unrest. Only through education and training will there be a bright future for today's children. Our missionaries are requesting such items as books on agriculture, masonry, and tailoring, sewing machines, stationery, computers, school bags and clothes for girls. Their prayers can be answered with your help.

SUMMER/FALL 2004

Yes, I would like to help make one or more of the missionaries' dreams come true. I am enclosing my donation of \$ _____ for:

Mexico City

Sri Lanka

Zambia

(Please print carefully)
